## IN USE BY THE U.S. MILITARY

### RIGID BRASS CATCHERS

CUSTOM MANUFACTURED  
IN AMERICA

Introducing The New  
Universal Flat-Top Catcher  
Will Fit Most Picatinny Rail Receivers

**RIGID BRASS CATCHERS** are uniquely designed to conform to the configuration of each weapon and snap on and off instantly. The old style swinging bag has been replaced by a solidly constructed unit of strong, lightweight, black textured plastic, resulting in a brass catcher that is totally efficient and actually compliments the appearance of the weapon. Each unit holds a minimum of 60 rounds (Colt .45 Auto holds 20 rounds, shotgun catchers hold a maximum of 5 rounds) and will not interfere with any moving part of the weapon. **RIGID BRASS CATCHERS** are a pleasant way to save time and money and will also increase the safety factor for the left-handed shooter.

### Standard Catchers \$43.95 ea.

Special Item #131\* \$79.95 • Universal Catchers \*#144 & 145 \$54.95  
#146 \$24.95 ea. • #147 & 148 \$49.95 ea. • #149 \$45.95

# HK-94 "K" GRIP ADAPTER WITH HK "K" GRIP

("K" Grip & Adapter shown with Ventilated Shroud Item #205)

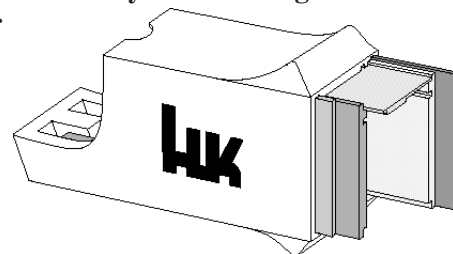

The E&L manufactured K GRIP ADAPTER (spacer) enables the user to install the HK manufactured MP-5 K Grip on the HK-94/MP-5. The E&L Adapter is sold as a set with the German manufactured K Grip or the Adapter can be purchased separately for use with the after market "K" Grips.

Caution - Although the HK K Grip can be attached to the SP-89 semi-automatic pistol, the BATF has determined that if the SP-89 pistol is possessed with a forearm having a vertical foregrip such as used on the HK MP-5 submachine gun, the combination would be to create an illegal firearm in violation of Section (e), Chapter 53, Title 26, U.S.C.

ORDER #	PRICE	ITEM/MODEL
410	\$89.95	K GRIP WITH ADAPTER
411	\$19.95	ADAPTER ONLY

# HK MUL-T-LOADER

The HK MUL-T-LOADER+ was designed specifically for HK pistols such as the P7-M13, P7-M8 and P7-K3. Because of the unique design of the MUL-T-LOADER'S removable inserts, a wide variety of other magazines of various calibers can be loaded. With the inserts in various positions, the loader will load a wide variety of 9mm magazines, such as the H&K P7-M8, P7-M13. It will also load the USP40, Beretta-92, Browning High Power, S&W, Taurus and UZI, etc. • .45 caliber magazines such as the Colt .45 Auto as well as the Colt 10mm • .380 caliber magazines such as the H&K P7K3 • .22 caliber magazines such as the Ruger MK 1, 2, etc. • Colt Woodsman and more.

A sturdy black nylon web BELT POUCH with Velcro closure (not pictured) is a convenient way to carry and store your MUL-T-LOADER+

Note: The MUL-T-LOADER+ will not load HK SP-89 magazines.

# BARREL SHROUDS

SOME WITH AMBIDEXTROUS VERTICAL FOREGRIP

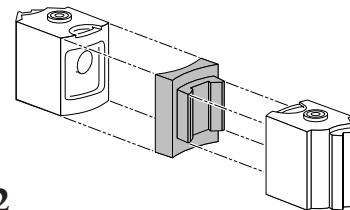

THE E & L VENTILATED OR NON-VENTILATED BARREL SHROUD WITH AMBIDEXTROUS FOREGRIP combination for the H&K 94, UZI Carbine, Ruger 10/22, Mini-14, Mini-14 Ranch, Mini-30 and Steyr AUG (Ventilated Barrel Shroud only for Steyr AUG, Mini-14, Ranch and Mini-30) is constructed of aircraft aluminum with a hard black satin finish.

The Ventilated Barrel Shroud features oval shaped openings while the non-ventilated Barrel Shroud gives the appearance of a suppressor-equipped weapon. The Vertical Foregrip is constructed of high impact plastic and can swivel to any desired angle. The Barrel Shrouds can be attached with or without the Vertical Foregrip and come complete with all necessary hardware.

## FOR RUGER 10/22\*

NOW CARRY 85 ROUNDS ON YOUR 10/22

\* Trademark of Ruger & Co.

### QUAD-CLIP HOLDER

### DUAL-CLIP HOLDER

The QUAD-CLIP HOLDER and DUAL-CLIP HOLDER are designed to utilize the Ruger 10-shot rotary magazine, the most reliable magazine for the 10/22. By attaching 4 10/22 Ruger clips to the QUAD-CLIP HOLDER, the shooter has rapid access to 40 rounds of dependable firepower while still retaining the feeding reliability of the Ruger factory original magazine. An additional 44 rounds (or other items) can be stored inside the QUAD-CLIP HOLDER for a total of 84 rounds on the rifle plus 1 round in the chamber.

The DUAL-CLIP HOLDER allows ready access to 20 rounds by attaching 2 10/22 Ruger clips back-to-back.

ORDER #	PRICE	ITEM/MODEL
700	\$12.95	QUAD-CLIP HOLDER
710	\$5.95	DUAL-CLIP HOLDER
720	\$19.95	RUGER 10/22 10-SHOT ROTARY MAGAZINE
730	\$7.95	BELT CARRY POUCH (Holds 1 Ruger Magazine)

SPECIFY ORDER # AND ITEM / MODEL

ALL E&L PRODUCTS ARE UNCONDITIONALLY GUARANTEED & MADE IN THE U.S.A.

Neither clip holder interferes with the action of the rifle or other accessories such as the activator. Both the QUAD-CLIP HOLDER and the DUAL-CLIP HOLDER are manufactured of high impact, black nylon. Ruger manufactured 10-shot rotary magazines are also available.

## ADJUSTABLE

## SLIP-ON

# RECOIL PADS

The E&L ADJUSTABLE SLIP-ON RECOIL PAD is uniquely designed to fit the curvature of your shoulder. Because of this unique design, you will discover you are now able to shoulder your weapon with improved and consistent positioning time after time. The interior waffle design of the energy absorbing pad reduces felt recoil, adding only 1/4" to the length of the stock. An additional 1/4" removable foam insert is included with each Recoil Pad if additional length is desirable.

The Small and Large Recoil Pads will fit the listed weapons and others:

## CLEANING BRUSHES

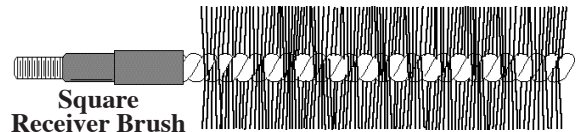

Chamber Brush

Knurled Rod

H&K 9MM Combination Bore & Flute Brush

Square Receiver Brush

The E&L CHAMBER FACE CLEANING BRUSH was developed as a result of personal experience in not being able to clean the chamber face area of guns such as the H&K 91/93/94, UZI, FN-FNC, FN-FAL, MAC-10 and most other weapons. This brush has stainless steel bristles.

The square design of the RECEIVER CLEANING BRUSH will clean the entire receiver along with the magazine well. It also quickly and thoroughly cleans the inside of most large capacity magazines. This brush has stainless steel and nylon bristles.

The HK COMBINATION BRUSH was designed exclusively to clean the H&K 9MM fluted chamber and bore with one easy stroke. This brush has brass and stainless steel bristles.

The E&L KNURLED ROD does not swivel. The 15" long, 1/4" diameter ROD is knurled at one end for a comfortable hold. The ROD is designed to be used specifically with the CHAMBER FACE BRUSH, RECEIVER BRUSH and the 9MM COMBINATION BRUSH. The ROD is also ideal for general purpose cleaning when using a variety of brushes on all weapons including pistols and revolvers.

ORDER #	PRICE	ITEM / MODEL

**Price - \$11.95 Each**  
**ORDER # 175**

**Case Price - \$99.95**  
**(12 Cans)**

**A SAVINGS OF OVER**  
**\$3.50 PER CAN**  
**ORDER # 175C**

**NET WEIGHT**  
**14.5 AV. OZ.**  
**411 GRAMS**

**• ATTENTION •**  
Due to restrictions on shipping pressurized containers. There will be a added surcharge of \$3.00 for shipping on all Dry Lube orders.

E&L Manufacturing, Inc. now has available a Dry Gun Lube that combines ease of application with a durable finish which substantially reduces friction. Originally developed for the aerospace industry for use in oil free environments, E&L now offers the lubricant to the sporting industry.

E&L Gun Lube has all the characteristics of standard aerosol spray paint and fast dries in 1 minute. By spraying the inside of the receiver, bolt, bolt carrier and all working parts including the trigger group, dirt, dust and powder residue will not easily adhere to its surface. Carbon build-up will be greatly reduced, therefore your firearms will stay cleaner longer and the next time you clean your weapons, simply wipe with a clean cloth. Like paint, E&L Gun Lube can be sanded with fine steel wool so any scratches in the finish can be easily removed and touch-ups can be made at any time. With E&L Gun Lube stainless steel now can be darkened to a dull greyish-black finish.

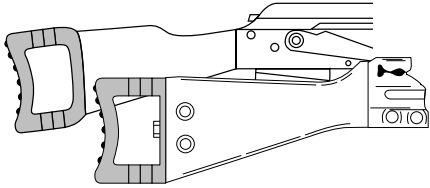

E&L Gun Lube can be used at home, office, or in the shop as a general purpose lubricant for automotive parts, hinges, locks, bearings, chains, precision parts and wherever metal contacts metal. Contains no oils, or moisture based dilutions. Inert to water, oils, alkalies. Non-corrosive and non-flaking. Ideal for applications involving high pressures and extreme temperatures -100°F +1000°F.

**CONTAINS NO CHLOROFLUOROCARBON PROPELLANTS**  
**MADE IN THE U.S.A.**

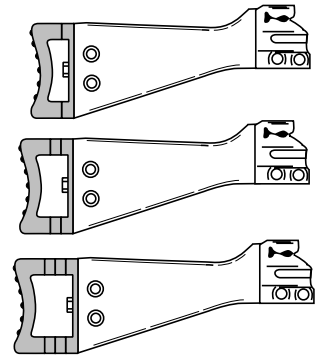

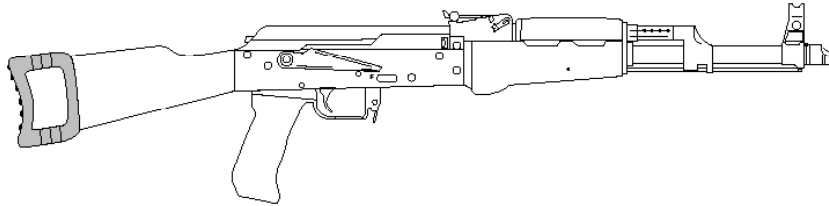

**E & L MFG. INC.**

# **ADJUSTABLE STOCK EXTENSIONS**

**Price - \$44.95 Each  
FOR SOLID STOCKS ONLY**

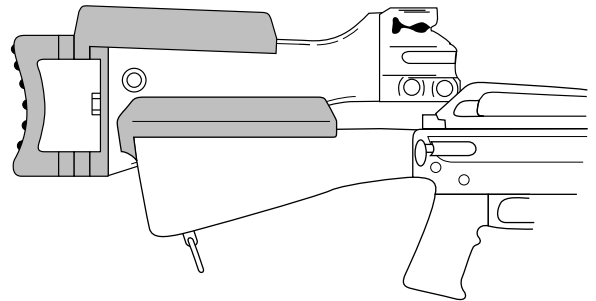

The E&L STOCK EXTENSIONS ARE ADJUSTABLE in 1/2" increments to enable you to achieve the proper length of trigger pull. The STOCK EXTENSIONS are manufactured of high impact, glass filled black nylon. Each listed STOCK EXTENSION can be adjusted to any of the 3 lengths given below.

ORDER #	PRICE	ITEM/MODEL	ADDITIONAL LENGTH		
500	\$44.95	HK-91/93	1/2"	1"	1 1/2"
501	44.95	DAEWOO M2/AR-100	1/2"	1"	1 1/2"

503	44.95	SKS	2 1/4"	2 3/4"	3 1/4"

## **CHEEK RESTS**

The E&L CHEEK RESTS are designed to give you proper eye alignment when using a scope mounted rifle. The CHEEK RESTS are constructed of high impact, glass filled black nylon and weigh less than 3 ounces.

### **HK 91/93 CHEEK REST**

The HK 91/93 CHEEK REST is designed to be used only with the E & L ADJUSTABLE STOCK EXTENSION. In addition this CHEEK REST gives you 3 choices of alignment angles - 90° which is in line with the stock, or tilted 10° left or right for optimum eye alignment and comfort.

### **AK-47 CHEEK REST**

The AK-47 CHEEK REST is designed to be used only with the E&L ADJUSTABLE STOCK EXTENSION on solid stocks only.

### **AR-15/M-16 CHEEK REST**

The AR-15/M-16 CHEEK REST attaches directly to either the A1, or A2 fixed stock as well as the original models without the cleaning kit compartment.
